

Talha Khan

6th Purple

3rd Position

MY BEST TEACHER

Who is teacher? He is a person who lifts you from the earth and takes you to the sky. A good teacher is the blessing of GOD for the students. An ideal teacher is one who leaves an everlasting impression on the minds of his students.

There are a numbers of teachers in my school and I respect all the teachers but my best teacher is Ms.Ayesha Khalid. She teaches us in a best style. She repeats the lesson again so that the students may understand and learn them. She is an honest teacher with her profession. She tells us how to behave and how to live.

She is an M.A in English. She is very popular among students for her strictness. She is a well dressed lady. She supports us in every game and activity. She advises us in every difficult moment. Her English pronunciation is very impressive. I like her very much. May ALLAH bless her with health and long life. (AMEEN)
