REMARKABLE INITIATIVES

New, energetic, self-reliant and highly determined leadership of Quaid-e-Azam Public College is taking some remarkable steps for the betterment of its students and to pave the way towards the heights of glory. Following are some glimpses of those measures taken by the Principal (Quaid-e-Azam Public College).

ESTABLISHMENT OF RESEARCH AND DEVELOPMENT CELL

A research and development Cell (R & D Cell) has been established to facilitate the academic activities. Subject specialists of different subjects will work together on different projects like lesson plans, coordination of syllabi, conduction of monthly tests and giving required guidance to teachers. It is hoped that this cell will bring in harmonious cooperation among teachers and students for the well-being of the institution.

RE-ADJUSTMENT OF TERMS

Examinations without adequate inputs are counter-productive and the result is loss of time and progress. Keeping in view this fact, second term examination will not be held. There will be only two terms, First and Final. However, monthly tests of each chapter will be held regularly. Parents will be informed of the progress of their wards by post.

MONTHLY PARENT-TEACHER MEETING

On last Friday of each month, parents-teachers meeting will be held so that this triangle of parents, teachers and students can hunt their best and can bring revolutions in the field of studies. All class teachers will maintain a record of student's progress and parent's comments to bring to the notice of the Principal and the concerned heads.

SCHEME FOR DEVELOPMENT OF STUDIES

To enhance the knowledge and to provide thorough concepts of chapters, a new scheme of assessing every

Topic/chapter both objectively/subjectively covering its all aspects, syllabus will be uniformly specified and a test will be conducted of every chapter within one period i.e. 35 minutes. R & D Cell will supervise the whole scheme for its smooth proceedings.

DISCIPLINARY MEASURES

Discipline is a strict adherence to certain rules and regulations framed for the training and guidance of human conduct. Considering the importance of a balanced and disciplined personality, the Principal Quaid-e-Azam Public College has taken some immediate steps for the best grooming of the Quaidians. The detail is as under.

1. Students driving cars, motor cycles and other vehicles in the college premises have been banned.
2. Strict disciplinary action will be taken against the students who will bring and use mobiles within the college campus. Though it is a useful facility but in young and immature hands it can become a nuisance and undesirable activity. In case of violation of rules, heavy fines (Rs. 1000/-) or even expulsion of students from the college may be imposed on Defaulters.

AIR-CONDITIONING OF AUDITORIUM

It is a matter of immense pleasure to share with you the exciting news of air-conditioning of Sheikh Muhammad Younas Auditorium (Quaid-e-Azam Public College). It is fully air-conditioned and well-furnished to conduct co-curricular activities more conveniently.

LASER LEVELING OF GROUND

Using the latest technique of laser and hiring the services of expert architects, all the playgrounds of college are being levelled smoothly. This will ensure more productivity in sports and games and the Quaidians will be having no equals. Hope these sincere endeavours and dedicated steps taken by the Principal will add to the glory of Quaid-e-Azam Public College.
